

EAR & HEARING @ THE CENTER FOR NEUROSCIENCES

OTOLOGY/NEUROTOLOGY/CRANIAL BASE SURGERY CALL COVERAGE

Please note that Dr. Abraham Jacob is the only Otologist/Neurotologist for Ear & Hearing @ the Center for Neurosciences. Therefore, he is NOT on call after hours, on weekends, and when out of town since being available 24 hours per day/7 days per week is not practical.

Should you contact the Center for Neurosciences after hours, you will reach our Answering Service. Please let them know that you are a patient of Dr. Jacob's, your best contact phone number, and the reason for your call. If the Answering Service is able to reach Dr. Jacob and he is in a position to return your call, he will contact you directly within 30-60 minutes. If the Answering Service is unable to reach Dr. Jacob within this amount of time, you may be directed to contact the Center for Neurosciences during normal business hours or if you perceive your condition to be urgent or a true emergency, you may be asked to go to your nearest Emergency Room.
